

- Fire Away -

(Kill the alarm)

Dom Lab
If you paint a perfect picture
Mib Sib
Of what you need your life to be
Dom
Do you know who you are?
Lab
You break your back to bring it back to break you
Mib
But not this time
Sib
They're all gonna find out
Dom
What I'm made of
Lab Mib Sib Dom
I don't need you here to validate me
Lab Mib Sib Dom
I don't need you here to tell me anything

Lab Mib
Fire away with a loaded gun
Sib Dom Lab
Light the night I'm on fire, I'm on fire
Mib Sib
Even the rain won't put me out

Dom Lab
Now I know just what to change in me
Mib Sib
To make you notice what your letting go
Dom
This was all part of my plan
Lab
Every step I take is my own
Mib
Sick of watching the sun rise
Sib
I'm moving straight out to the sunset
Dom
here I come
Lab Mib Sib Dom
I don't need you here to show you're with me
Lab Mib Sib Dom
I don't need you here to show me anything

Lab Mib
Fire away with a loaded gun
Sib Dom Lab
Light the night I'm on fire, I'm on fire
Mib Sib
Even the rain won't put me out
Dom Lab Mib
I'm a self-proclaimed child prodigy
Sib Dom Lab Mib Sib Dom
To feed your every desire on fire, on fire

Lab Mib Sib Dom
I don't need you here
Lab Mib Sib Dom
I don't need you here
Lab Mib Sib
I don't need you here
Dom
To validate

Lab Mib
Fire away with a loaded gun
Sib Dom Lab
Light the night I'm on fire, I'm on fire
Mib Sib
Even the rain won't put me out
Dom Lab Mib
I'm a self-proclaimed child prodigy
Sib Dom Lab Mib
To feed your every desire on fire, on fire
Sib Dom Lab Mib
I'm on fire I'm on fire I'm on fire I'm on fire
Sib Dom
I'm on fire I'm on fire
Lab Mib
Ever the rain won't put,
Sib Dom
Even the rain can't put me out
